Capability Statement

Secure. Compliant. Mission-Ready.

CAGE: 18CJ1   UEI: E913T5WKKRX7

About Us

Heads in the Cloud Veteran Solutions delivers secure cloud modernization and mission IT support for federal agencies and veteran-serving programs. We help teams retire legacy systems, accelerate Authority to Operate (ATO), and improve service delivery while reducing operational risk in high-security, regulated environments.

Core Competencies

Cloud Architecture & Modernization
AWS | Azure | GCP | Legacy migrations | FedRAMP-aligned architectures

Cybersecurity, Zero Trust & Compliance
NIST 800-53 | FISMA | FedRAMP | DoD | ATO | GRC

DevSecOps & Automation
CI/CD | Terraform | CloudFormation | EKS/ECS/K8s

AI/ML & Analytics
Operational analytics | GEOINT | Secure ML pipelines

Enterprise IT & Mission Support
Systems engineering | Lifecycle delivery | ITIL Service Desk

Certifications

State: MBE | WBE | SBE
Federal: SDVOSB | VOSB

Differentiators

Mission-first engineering | Veteran-led delivery teams |
Agility without chaos | Security baked in | Scalable teaming

Corporate Data

Heads in the Cloud, LLC
Manchester, MD
